

**Resin Look**

La consistenza fluida delle resine si traduce in un linguaggio ceramico dalla spiccata attitudine contemporanea. 8 tinte unite, nell'inedito formato 120x278 a spessore 6 mm, pensate per soluzioni continue o in dialogo con marmi e roveri antichi, come un wallpaper ceramico dalla particolare consistenza cromatica e decorativa.

**DE** Die flüssige Konsistenz der Harze findet ihren Ausdruck in einer Keramiksprache, die sich durch einen ausgesprochen modernen Stil auszeichnet. 8 Unifarben, im neuesten Format 120x278 cm, mit 6 mm Stärke, für durchgehende Lösungen oder in Kombination mit antiken Marmor- und Eichenversionen, wie eine keramische Tapete mit besonderer farblicher und dekorativer Konsistenz.

**EN** The fluid consistency of resins is translated into a ceramic language with highly contemporary tones. 8 solid colours, in the unusual 120x278 cm size and 6 mm thickness, intended for use continually or in dialogue with antique marbles and oaks, like a ceramic wallpaper with a distinctive chromatic and decorative consistency.

**ES** La consistencia fluida de las resinas se traduce en un lenguaje cerámico de marcado espíritu contemporáneo. Ocho colores lisos, en el inédito formato de 120 x 278 cm de 6 mm de grosor, concebidas para disponer superficies continuas o bien para dialogar con mármoles y robles antiguos, como un tapiz cerámico de peculiar consistencia cromática y decorativa.

**FR** La consistance fluide des résines se traduit par un langage céramique à la forte consonance contemporaine. 8 teintes unies dans l'inédit format 120x278 cm de 6 mm d'épaisseur, conçues pour réaliser des solutions en continuité visuelle ou en dialogue avec des marbres et chênes anciens, tel un papier peint en céramique qui aurait une consistance particulière au niveau de la couleur et de la déco.

**RU** Мягкая консистенция смол выражается языком керамики с ярким современным призванием. 8 однотонных цветов в новом формате 120x278 см при толщине 6 мм задуманы для сплошного оформления или же перекликающегося с мрамором и старинным дубом, как керамические обои с особенной цветовой и декоративной консистенцией.
